

GEARCAGE® | **GEARCAGE®-4**

Part No. H01380

Dimensions

Inside: 48in. L x 32in. W x 7in. H

Clearances

Installed: Up to 12in from Hitch Pin
Slide-out: Up to 32in from Hitch Pin

Weights

Empty: 70 lbs.
Payload: 300 lbs of Cargo

Required Hitch Size

2in, Class II or higher

This 4ft large hitch rack features solid floors and high rails to contain and protect cargo from road grime, and is extra wide for transporting both travel gear and utility equipment including lawn mowers, generators, snowblowers, mobility scooters and wheel chairs. The slide-out feature clears SUV hatches, tailgates, and Sprinter RV doors for convenient rear access with a dual tube frame design for demanding fifth wheel and travel trailer tow environments.

Construction

18 ga. powder-coated steel and strong BoxTruss design built upon our GMC Professional Grade award-winning TwinTube™ Flat Pipe slide-out hitch mount platform.

Included

- Two Silent Hitch Pins • Two Rear Reflectors
- Tie Down Locations
