Patent Numbers 8,889,456; 14/546.993; Patents Pending

**⚠ IMPORTANT:**

Always be sure the carrier and the mounted bicycles are at least 6in from the cab of truck to avoid contact between the bicycles, carrier and the vehicle especially while loading and unloading bicycles and gear.

**⚠ WARNING:**

Always secure each bicycle with all four connections points (two Upper Wheel Cradles & two Lower Cradles). Do not operate the vehicle unless all connection points are tight and secured. Failure to follow bicycle mounting procedure may result in damage to carrier, damage to property, bodily injury or death.

**⚠ WARNING:**

Always check and confirm all truck mounting points are tight and fully secured before each transit. Failure to follow proper installation and equipment checks before transit may result in damage to carrier, damage to property, bodily injury or death.
